

Bullets for Activities Received March 1, 2010 through May 3, 2010

Service Code	Activity Date	County	NOTES
SIDS	9/1/2009	Fayette	SIDS Prevention -600 Back To Sleep cloth bags with educational materials distributed in clinics, and by HANDS program at LFCHD
1216-	11/30/2009	Grant	4 bottles of MV1 with folic acid given to each woman in childbearing age that wanted them at Grant County Health Center as part of Friend to Friend Folic Acid Campaign through grant with St. Elizabeth Outpatient Women's Center
1216-	11/30/2009	Campbell	4 bottles of MV1 with folic acid given to each interested non-pregnant woman in childbearing years as part of Friend to Friend Folic Acid Campaign (grant funds from St. Elizabeth Outpatient Women's Center)at Campbell County Health Center
1216-	11/30/2009	Boone	4 bottles of MV1 with folic acid given to women of childbearing age that were interested at Boone County Health Center as part of Friend to Friend Folic Acid Campaign (grant with St. Elizabeth Outpatient Women's Center)
1216-	11/30/2009	Kenton	4 bottles of MV1 with folic acid given to women of childbearing age that were interested at Kenton County Health Center as part of Friend to Friend Folic Acid Campaign (grant with St. Elizabeth Outpatient Women's Center)
9999-	12/1/2009	Barren	Susan Brown mentored and observed 4 BFG Peer Counselors (individually an hour each), and then 2 stayed to view a webinar with Susan on breastfeeding and the current recommendations for proper precautions when helping Breastfeeding women and their families during an outbreak of H1N1. Also the recommendations to pregnant women to carefully consider being immunized against the H1N1 virus and to also consider breastfeeding as an effective way to increase their baby's immunity during those first 6 months when babies are too young to receive the vaccine.
9999-	12/1/2009	Barren	Susan Brown mentored two WIC-BFG Peer Counselors at the Barren County HD. Afterwards they all participated in a webinar CE offering on the H1N1 virus and how an active case during labor affects BFG for new moms and their babies. A CDC presentation in association with ILCA.

Service Code	Activity Date	County	NOTES
9999-	12/4/2009	Warren	Bonnie Holt-Logsdon and Susan Brown participated in a 4-hour videoconference call, as steering committee members for the Business Case for BFG, a DPH grant. A total of 9 participated in the call.
12-16	12/5/2009	Hardin	Susan Brown and Nancy Quarcelino attended the MOD's State PSC Committee meeting on Saturday, December 5, 2009. The committee reviewed grant applications and made their recommendations for grant funding. These now go to the MODs' Board members for final approval. The PSC committee also looked at the goals and objectives for 2010 which includes expanding the HBWW campaign from 6 to 7 location sites with the 8 counties of Barren River District HD making up that 8th location.
12-16	12/5/2009	Hardin	Susan Brown and Nancy Quarcelino representing the BRDHD attended the State MODs' PSC Committee meeting in E-town to review, discuss, evaluate and recommend grants for funding that adhere to the mission focuses of the KY Chapter of the MODs. Susan Brown chairs this committee and also serves on the Board of Directors, as the statewide FA Campaign Coordinator.
12-16	12/7/2009	Warren	Susan Brown reports viewing a Webinar offering on Drugs and Pregnancy-1 hour CE. This info was also used to prepare an outline for the MODs' Board meeting focused on establishing goals for implementing HBWW strategies meshed with Business Case for BFG initiatives, into the MODs' 2010 planning objectives and activities.
9999-	12/8/2009	Franklin	Susan Brown reports that the State BFG Coalition met in Frankfort at the Extension Office for their every other month CDC Conference call. This month's topic was the AAP Section on BFG and their commitment to supporting the Ten Steps for a Baby Friendly Hospital Initiative. A business meeting was also conducted and members looked at ways to expand membership and brainstormed ideas for supporting and assisting in the implementation of the Business Case for Breastfeeding in KY.
9999-	12/8/2009	Franklin	Susan Brown reports attending the State BFG Coalition meeting in Frankfort that included participating in the bi-monthly CDC conference call presentation--this month featured the American Academy of Pediatrics Section on BFG.
12-16	12/9/2009	Warren	Susan Brown reports that she participated in the March of Dimes' Board meeting conference call on 12-9-09. This call was to see if all focus topic leaders are on track with their 2010 plans. Susan is the leader for the HBWW section, and she reported that the statewide PSC committee had met the previous Saturday and their plans are in order.
12-16	12/9/2009	Warren	Susan Brown reports participating in a conference call for the MODs' Board of Directors where folic acid, prematurity, and breastfeeding were topics of interest.
1216-	12/10/2009	Monroe	Folic Acid Awareness Week for January 2010 information/article placed in Monroe Co Citizen
12-16	12/14/2009	Statewide KY	Susan Brown prepared and distributed the November 2009 KFAP Bullets and Report to all 96 members of the KFAP via email distribution list.

Service Code	Activity Date	County	NOTES
12-16	12/14/2009	Hopkins	This was a Ladies Missionary Group meeting located at Mt. Zion Baptist Church in Earlington, KY. There were 15 ladies present. Sharon Iliohan RN, MSN discussed the flip chart and gave information on Folic Acid and Prematurity. The teaching was for 30 minutes in length by mostly discussion.
12-16	12/14/2009	Statewide KY	Susan Brown prepared and distributed the November KFAP Reports and Bullets to all 92 members of the KFAP.
12-16	12/15/2009	Hopkins	This meeting today was for ladies in MOPS (mothers of preschoolers.) There were 13 ladies with 12 of them in childbearing years. This meeting was located at First Baptist Church. The discussion was done by Sharon Iliohan RN, MSN. The folic acid toolkit was discussed along with information on prematurity and the "brain" visual was used for the ladies to pass around and visualize emphasizing the importance of carrying a child to term and also taking folic acid.
9999-	12/17/2009	Warren	Susan Brown co-taught a breastfeeding/substance abuse class with Jessica Diame of Lifeskills' KIDSNow program. There were 26 pregnant moms in attendance.
12-16	12/17/2009	Warren	Diane Sprowl updated www.kfap.org. A page of resources for helping families to be tobacco free was added, as well as information on January 2010 Folic Acid Awareness Week. Some elements that were not functioning properly were repaired as well.
9999-	12/17/2009	Warren	Susan Brown reports reaching 27 pregnant women with the folic acid, PTB prevention and SIDS messages while teaching a BFG class in partnership with Lifeskills' KidsNow program. There were 29 participants for the two hour class that also featured substance abuse awareness and prevention taught by Jessica Diame with the KIDSNow program. Each pregnant woman who registered and participated received a gift card of \$25 compliments of the KIDSNow program (Jessica Diame and Dottie Zais).
12-16	12/22/2009	Statewide KY	Susan Brown sent a list of 4 articles to KFAP members to view: new disparities in diagnosis and incidence of melanoma, birth defects increased among certain workers, H1N1, and birth rates have increased including teen pregnancy. A fifth article on BFG and heart protection was sent later on the same day.
12-16	12/31/2009	Fayette	During 2009 the LFCHD HANDS/Perinatal program made approximately 1004 visits to the homes of pregnant women. Discussed importance of keeping doctors appointments, taking supplement. Approximately 60% of the women were Hispanic.
12-16	1/4/2010	Warren	The hit count on kfap.org was 3681 on 1/4/10. There were 134 hits during December.
9999-	1/5/2010	Statewide KY	Susan Brown and Bonnie Holt-Logsdon attended a 3.5 conference call as members of the steering committee for the Business Case for BFG.
12-16	1/5/2010	Warren	Susan Brown provided a folic acid display in the lobby of the BRDHD during the entire month of January. Approximately 500 pieces of information was distributed via the display table. In addition, during the first week in January a message was placed on the message board

Service Code	Activity Date	County	NOTES
			outside the HD asking "Have you taken your folic acid today? (In espanol).
12-16	1/5/2010	Warren	Susan Brown placed a folic acid quiz in each of the District and Warren County staff persons' mailboxes, with an attached flyer that read "Have you taken your folic acid today?" She also discussed these same goals (especially for CBA women) during a group team meeting and later during a BFG Peer Counselor meeting. Behavior change was accomplished in at least one RD in attendance.
1212-	1/6/2010	Monroe	Outreach meeting with HANDS staff regarding prematurity information for HANDS participants. March of Dimes information ordered for HANDS program.
9999-	1/12/2010	Warren	Susan Brown taught a 2-hour breastfeeding class to 5 participants. The pregnant women also received info on folic acid and preventing preterm birth. Also in attendance were a 3-week old breastfeeding baby and mother. The class seemed to appreciate having a new mom and baby present to get a better idea of the demands of early breastfeeding and exposures to breastfeeding in public.
9999-	1/14/2010	Warren	Bonnie Holt-Logsdon participated in a Business Case for BFG steering committee meeting conference call. A videoconference educational offering has been planned for these two dates: 1-29-10 and 2-8-10. Each of these is a 4-hour presentation and registration is available via TRAIN.
1216-	1/15/2010	Fayette	LFCHD Web Page with Folic Acid Important for Pregnant Women and National Birth Defects Month.
12-16	1/20/2010	Fayette	Susan Brown reports attending the HBWW Investigator's meeting in Lexington where participants heard the results of the past 3 years of the HBWW Initiative. Selected speakers from each of the three intervention sites shared their accomplishments, challenges and opportunities from the last 3 years. This year the program expands to the three comparison sites and also to the BRDHD. Rounding out the agenda were speakers from JJPI, National MODs, Katrina Thompson and Dr. Ruth Ann Shepherd. The three intervention sites (hospitals and HDs) each received recognition plaques, and Dr. Shepherd received an appreciation award which she humbly dedicated to the hard work of so many others at the grassroots level.
9999-	1/20/2010	Warren	Susan Brown reports that the BabyNet Coalition met at Fairview Community Clinic for their quarterly meeting. Beverly Salachi from the state WIC office was a guest during this month's meeting. Chair, Bonnie Holt-Logsdon presented on the Business Case for BFG. She mentioned that Susan Brown will give an update on the HBWW initiative at the next meeting in regard to the meeting she attended today in Lexington. The Medical Center has a new MODs' grant for their NICU focused on their new mentoring program for parents with babies in the NICU.
12-16	1/21/2010	Statewide KY	Susan Brown prepared and distributed the December KFAP Bullets and Reports to all 92 members of the KFAP.
9999-	1/27/2010	Statewide KY	Susan Brown sent an article on a study that shows the ability to reverse fetal alcohol effects in mice, to all 96 members of the KFAP. This article

Service Code	Activity Date	County	NOTES
			appeared in Modern Medicine and was sent to Susan by Fran Belvin.
1212-	1/27/2010	Statewide KY	Susan Brown sent an article about court orders being issued to certain pregnant women considered at risk for various health complications. One was a case involving a pregnant smoking mom, who was ordered to remain in a Florida hospital against her wishes on bedrest to help prevent preterm birth. The baby delivered three days later as a stillbirth. Another case involved an order for a multip to have a c-section with her 6th child due to the baby having macrosomia, in spite of a history that she had vaginally delivered the first five children-each weighing around 12 pounds. The mom went to a different hospital and safely delivered her over 11 pound baby without complications before the court order could be issued to force her to have a C-section.
12-16	1/28/2010	Statewide KY	Diane Sprowl led the KFAP videoconference meeting 1-28-10, in Susan Brown's absence due to a death in the family. Seventeen members were in attendance. All three sub-committee chairs request additional member input for the 2010 KFAP Plans, as these have not been developed.
12-16	2/1/2010	Warren	Hit count on KFAP.org was 3783 as of 2/1/10. There were 102 hits between 1/4 and 2/1.
9999-	2/4/2010	Warren	Susan Brown reports that the Western KY BFG Coalition held its' quarterly meeting at the BRDHD, on 3-4-2010, IBCLC Day! As a gift to the IBCLCs and to the RDs in celebration of IBCLC Day and RD Day, the Coalition paid the \$25 registration fee for each of those members to attend the upcoming BFG Summit that will be held in BG on April 21, 2010. Today's presentation was on Doulas and there was a large crowd in attendance including several BFG Peer Counselors.
9999-	2/5/2010	Statewide KY	Susan Brown distributed an article from ILCA promoting wet nursing as the best solution to helping motherless infants/children survive in Haiti during their current disaster emergency conditions. The article urges professionals to not be misled into thinking that donating formula is a better option. Haiti is known to have a 95% ratio of breastfeeding mothers and therefore finding able and willing wet nurses should be difficult. UNICEF is recommending direct nursing skin to skin for the least risk of contamination. This article was sent to all KFAP and BabyNet members, and to the WIC Coordinator and Peer Counselors within the BRDHD.
9999-	2/8/2010	Statewide KY	Volunteers from the Business Case for Breastfeeding Steering Committee group provided the first of two planned videoconferences across the state. This one was from 12-4pm central time and introduced the concept of involving businesses to invest into supporting breastfeeding women and their spouses as they return to the workforce by providing a supportive environment for pumping to sustain the duration of breastfeeding. Education as to how BFG lowers the bottom line for employers was stressed. Healthier moms and babies means lower insurance premiums, and encouragement and support from employers and co-workers keeps the breastfeeding mom loyal and on the job--fewer sick days and less turnover.

Service Code	Activity Date	County	NOTES
SIDS	2/11/2010	Warren	A 1.5 hour webinar update on SIDS/Grief. It was stressed during this conference to remind BFG moms to let babies sleep in their bed with them, but to instead provide a bed or crib beside the mother's bed.
1212-	2/12/2010	Warren	Susan Brown reports holding and leading the first strategic planning meeting for the HBWW Barren River Area Team, as a new site in 2010. Team members from the Medical Center, Fairview Community Clinic and the HD were in attendance. Each member received a complete HBWW toolkit bag, T-shirt and notebook.
1212-	2/16/2010	Statewide KY	Susan Brown reports participating in a conference call for HBWW with representatives from all 7 sites, including Dr. Ruth Ann Shepherd and led by the National March of Dimes and Katrina Thompson with the KY-MODs.
9999-	2/22/2010	Barren	Susan Brown reports assisting a Monroe County family whose baby was FTT. The family was transported to the BCHD by a MCHD staff employee. This baby had lost over 12% of his birth weight and would require weekly pre/post-feed weights and breastfeeding assistance with obtaining a WIC-funded hospital grade rental pump, to protect mother's milk supply and help with effective latch-on. (This family has been followed weekly for over two months 4-30-10). Baby is finally gaining at the desired 8 ounces per week per exclusive breastfeeding, and mom has successfully returned to work.
12-16	2/22/2010	Hart	Susan Brown reports teaching class#1 of a 6-week prepared childbirth series at Caverna HS. Participants received a Get the 'B' Attitude folder filled with 50 pages of materials related to pregnancy, childbirth, breastfeeding and postpartum. Today's class focused on the importance of taking folic acid every day before, during and after pregnancy; the signs and symptoms of PTL and why HBWW. They viewed a folic acid video, the PTB MODs video 'Take Action' and Angels Don't Walk They Fly.
9999-	2/24/2010	Franklin	This was an all-day State BFG Coalition meeting held at the Franklin County Extension Office in Frankfort. This was a make-up meeting from the meeting 2-9-10 that was cancelled due to inclement weather. Participants helped to plan the upcoming first ever BFG Summit that will be held in BG in April.
9999-	2/25/2010	Warren	Susan Brown reports assisting a mom to obtain a WIC-100 form to support and protect her milk supply and scheduling weekly lactation consult visits to evaluate milk transfer with pre and post weights.
12-16	3/1/2010	Warren	The hit count on www.kfap.org was 3856 as of 3/1/10. This count reflects 73 hits during February.
12-16	3/1/2010	Hart	Susan Brown reports providing class #2 of a 6-week series of prepared childbirth classes. This class emphasized the dangers of cigarette smoking, drugs and alcohol during pregnancy. Each participant blew into the smoke analyzer machine to check for secondhand smoke exposure. They viewed the video "Now that You're Pregnant, " where taking folic acid daily was reinforced, as were the S & S of PTL, the importance of keeping your doctor's appointments and an overview of

Service Code	Activity Date	County	NOTES
			the three trimesters of pregnancy and the
9999-	3/5/2010	Warren	Susan Brown reports that the Barren River HBWW team held their second meeting at the BRDHD, with representatives from Medical Center, Fairview and the HD. The next meeting is a conf call with all the sites and national on 3-16-10.
12-16	3/8/2010	Hart	Susan Brown reports providing class #3 of a 6-week prepared childbirth series. This class focused on the stages of labor and the class viewed their first birth video.
9999-	3/9/2010	Warren	Susan Brown reports teaching a 2-hour breastfeeding class where moms learned how to position and latch their babies using breast models and Lactessa dolls/Boppy pillows. Participants learned the instinctive knowledge that newborns have to lead themselves to the breast and self-attach on their own without mom using any particular hold or position. The importance of skin to skin was shared and participants learned that babies find their way to the breast via their cheeks touching against the bare skin of the breast, and when they find their way to the areola, their chin touches against the breast which causes the mouth to open wide and latch deeply onto the breast in a perfect latch. Moms were surprised to learn that they don't have to chase the baby with the breast and put it in the baby's mouth for them.
9999-	3/10/2010	Barren	Susan Brown reports that she presented during the KPA Regional conference held at TJ Samson Hospital. She spoke on the Best Practice for Breastfeeding the LPTBB. She also spoke about HBWW, the Business Case for BFG, and the upcoming Breastfeeding Summit in BG on 4-21-10.
9999-	3/12/2010	Barren	Assistance to that Monroe County family that traveled to Barren County for help with a FTT baby she is breastfeeding-Loving Support program. Susan Brown reported.
12-16	3/12/2010	Statewide KY	Susan Brown participated in a conference call with other MODs' Board members from 7:30am to 8:30am. Discussion related to perinatal activities like HBWW.
12-16	3/15/2010	Hart	Susan Brown reports providing class #4 of a 6-week prepared childbirth class. This class was on communication and how to get what they want during their birth process. Each participant designed a birth plan and participated in skits that showed the different forms of verbal communication: aggressive, passive and assertive. This was also the C-section class and participants learned the difference between necessary and unnecessary c-sections. We drilled home the message that HBWW.
1212-	3/16/2010	Statewide KY	Susan Brown participated in the HBWW conference call with the 7 KY HBWW sites and the national MODs, led by Katrina Thompson with the KY-MODs.
9999-	3/16/2010	Barren	Susan Brown participated in the local monthly BFG Peer Counselor meeting promoting, protecting and supporting breastfeeding within the agency.
9999-	3/19/2010	Barren	Susan Brown reports assisting a referred family from Monroe County with breastfeeding a FTT infant at the Barren County HD. Loving

Service Code	Activity Date	County	NOTES
			Support Outreach with pre/post weights with consultation notes and plan to Dr. Brooks' office--the baby's pediatrician.
1212-	3/19/2010	Barren	Susan Brown reports participating in a Regional March of Dimes' conference call at 7:30am from the Barren County HD, where prematurity, fundraising and budget issues were discussed.
12-16	3/20/2010	Hardin	Susan Brown reports Chairing the March of Dimes' PSC committee meeting, followed by participation in the March of Dimes' Board of Director's meeting both held at the Hardin Memorial Hospital in Elizabethtown. Both meetings addressed perinatal health issues and folic acid. For more effective use of time and travel both meetings were held at the same location, at different times, but on the same day.
12-16	3/22/2010	Hart	Susan Brown reports providing class #5 of a 6-week prepared childbirth series. This class was the massage and relaxation class where participants used the birthing balls and massage devices to practice a trial of labor. The second half of the class was on parenting and postpartum issues. Participants learned that HBWW means an easier time PP, rather than dealing with a sick baby or worrying about feeding problems, jaundice readmissions back into the hospitals etc.
9999-	3/24/2010	Warren	Susan Brown reports providing a grief visit for a CBA woman from Edmonson County who has suffered three losses. Grief counseling was provided in addition to overall good health recommendations for preconception health. FU is planned.
1212-	3/29/2010	Warren	A HBWW presentation was held at the Medical Center in Bowling Green. Four Trover staff professionals including the OB Director of Nursing, a female obstetrician and a CNM made the trip to BG to present to the Barren River area team consisting of these four agencies: The Medical Center, TJ Samson Community Hospital, Fairview Community Clinic and the Barren River District HD; and their administrators. The two-hour meeting allowed plenty of time for the presentation accompanied by a Q & A session. This presentation was extremely beneficial for the new HBWW site and we are anxious to begin our outreach. Susan Brown kept the minutes and reported the activity.
9999-	3/29/2010	Hart	Susan Brown reports providing class # 6 of a 6-week prepared childbirth series. This class was on breastfeeding, SBS and SIDS. Moms learned that babies instinctively know how to breastfeed, and that they are capable of self-attachment. They learned that BFG provides the one perfect food containing over 200 nutrients not found in formulas and mom-specific antibodies and immunities to any illness or immunization she has ever come in contact with during her lifetime. These capabilities continue throughout the duration of breastfeeding. We discussed the importance of the Back to Sleep Campaign and keeping the baby's crib close to your bed, but not allowing baby to sleep directly in the bed with the mom and/or dad. No soft bedding or stuffed animals in the crib and being careful to not overheat the baby. Each mom received a HBWW t-shirt and ink pen from the MODs.

Service Code	Activity Date	County	NOTES
9999-	4/1/2010	Barren	Susan Brown reports an outreach through Loving Support makes BFG work, to a family from Monroe County that was seen in Barren County for FU. A breastfeeding plan was designed and a consult record was given to the family to take with them to Dr. Brooks' office immediately following our appointment complete with pre-feed/post-feed weights. Mother plans to RT work in a few weeks.
12-16	4/1/2010	Warren	There were 3934 hits on kfp.org as of April 1, 2010. This number reflects 78 hits during March.
9999-	4/8/2010	Warren	Susan Brown reports Loving Support through breastfeeding issuing a WIC-100 for the use of a hospital grade pump via a family member.
1212-	4/9/2010	Warren	Susan Brown, as Chair of the PSC Committee reports participating in a press conference held at the Medical Center of Bowling Green to present a check to the NICU from the KY Chapter of the March of Dimes' in the amount of \$8,800 for their PEAS grant: Parent Encouragement and Support that provides hope and comfort to parents with babies in the NICU. Previous parents who have weathered the anxiety that comes with having an infant in the NICU will serve as "Support Parents" or mentors to the newer families. In
9999-	4/12/2010	Warren	Susan Brown reports offering the Grief program to a family from Bowling Green, who lost a child 5 years ago, and have recently had a new LPTBB. Past feelings that were never addressed have resurfaced. The family was grateful for this free service and accepted the offer for materials and counseling.
9999-	4/13/2010	Franklin	Susan Brown reports attending the State BF Coalition meeting in Frankfort that included a CDC conference call about the 10-steps to a Baby Friendly Hospital. Discussion and plans also occurred in regards to the upcoming first ever-BFG Summit that will be held in BG April 21, 2010. This group will serve as the facilitators for the BFG Forum at the end of the Summit.
9999-	4/14/2010	Warren	Susan Brown reports sending a grief packet of materials to a family in Warren County.
1212-	4/16/2010	Warren	Susan Brown reports that the Barren River HBWW team met for a 3rd strategic planning meeting. Only 5 participants were able to attend, 4 from the Medical Center and 1 from the BRDHD. Due to a crisis at the Med Center the meeting was shortened from 2 hours to one hour, with Susan Brown volunteering to do the behind-the-scenes work to prepare a plan that will be sent with the minutes of the meeting. Amber Herman will provide the HBWW survey for PN moms attending Sunday's Parenting fair.
9999-	4/18/2010	Warren	Susan Brown provided 70 pamphlets and brain cards to the 70 childbearing age women in attendance at the Medical Center's Parenting Fair. A display was provided by the HANDS' staff, and they distributed the materials for Susan while also displaying the HBWW flipchart opened to the brain card picture.
9999-	4/21/2010	Warren	Susan Brown reports attending the first ever Breastfeeding Summit held at the Convention Center in Bowling Green in connection with the

Service Code	Activity Date	County	NOTES
			national RDA conference. A BFG Forum was also held at the end of the conference to determine the plan for Kentucky's BFG future, and table responses were voted on by using the dot system. Participants were also encouraged to sign-up to participate in a statewide BFG Coalition. (116 participants were in attendance that day).
1212-	4/22/2010	Barren	Susan Brown reports manning a booth for HBWW during the Barren County Baby Safety Fair at the Columbia Avenue Christ of Christ. Participants received several materials related to HBWW including the brain card, S & S of PTB, Every Week Counts, and the risks of LPTB. Participants blew into the smoke-analyzer to determine their past 24-hour exposure to smoke or secondhand smoke. Those who blew into the machine were allowed to put their names into a basket for a drawing for a stroller.
9999-	4/22/2010	Barren	Susan Brown reports that the BRDHD BFG Peer Counselors provided a display at the Barren County Baby Safety Fair at the Columbia Avenue Christ of Christ. The peer counselors had their children/babies with them and nursed throughout the event as necessary. This was an awesome way to show expectant parents the ease that these moms had BFG in public while functioning as working moms. Each participant received a bag of goodies focused on BFG and the BFG Peer Counselor program. The room where the event was held was extremely hot and humid that evening and the
9999-	4/23/2010	Metcalfe	Susan Brown assisted a mom from Metcalfe County to consult with a pediatrician in Glasgow to help her baby receive a frenulum clipping. She also helped this mom receive a hospital grade pump via an RX/WIC-100 form to ensure proper breast stimulation until the clipping can be performed on May 17, 2010.
12-16	5/3/2010	Warren	There were 4,012 hits on www.kfap.org as of 5/3/10, which reflects 78 hits during April.
